

# LIBRARIES SPARK CULTURE!

At the **Manitoba Library Association** we know how important **public libraries** are to the **cultural life** of the **communities** they serve.

From now **until June 30, 2017** the **Government of Manitoba** is conducting **a review** of cultural policies - including those that **affect your community and your library**. The Province needs to hear **your voice** and we've made it **easy to share**. Visit:

**[mblibraries.ca](http://mblibraries.ca)**
